

Join Us In Whitefish

For the NWA Rally 2010

Montana is holding the 2010 NWA Rally in Whitefish. Whitefish is located in the Northern Rockies and a neighbor to Glacier National Park. Whitefish is surrounded by hundreds of lakes and scenic rivers.

Whitefish is truly a magical place where the highest structures are still trees and wildlife still outnumber residents. This is a place where eagles and osprey soar through the sky as elk, moose and bears move through the land with natural grace.

The 8,281 people of Whitefish are genuinely friendly and down to earth. The town's low-key atmosphere tends to make life in their tight-knit community a happy and warm place to live and visit.

Join us in Montana for a week full of fun and adventure. You will you be able to visit Glacier National Park on a historic Red Jammer Bus, take a scenic wooden boat cruise on Lake McDonald Lake, whitewater down the Middle Fork of the Flathead River with an experienced guide, enjoy an exhilarating zip line down Whitefish Mountain or just relax by the fire pit at Grouse Mountain Lodge.

We look forward to seeing you in Montana in June!

The zip line tour at Whitefish Mountain Resort will leave you breathless and exhilarated. Steel cables are strung side-by-side on four spans of varying angle and length, letting riders zip at more than 50 miles per hour from platform to platform. A total of about 2 hours, some sections of the tour take riders right through the forest, while others send them high above the treetops below, more than 100 feet above ground level.

Return past Lake McDonald Lodge for amazing scenic and wildlife viewing opportunities on your tour up Camas Creek Road to the little explored North Fork region of Glacier National Park. Enjoy an easy and optional walk on the Huckleberry Mountain Nature Trail before your return trip through the spectacular burn areas of the fires of 2003. Then step onto the *DeSmet*, a classic 57 foot wooden boat that was built in 1930 and launched on Lake McDonald where it still operates today. The *DeSmet* has never left Lake McDonald. You will discover a spectacular side of these National Parks not visible from the road. And the Captain's will share with you their love for and knowledge of this incredibly special place.
